SUMMARY

I am Iqbal Mauludi Pratama, an **Informatics Engineering** graduate from **STMIK Muhammadiyah Paguyangan Brebes (2023)** with expertise in **JavaScript and TypeScript**. I have hands-on experience in **frontend development** for **SMART Platform 5 and the Assessment Center Streamline at PT Aneka Search Indonesia**. Additionally, I developed **fullstack system for the Kalijurang Village Profile and Population**. I am passionate about web technologies and eager to bring my skills to innovative projects.

SKILLS

- HTML, CSS, JavaScript, TypeScript and PHP
- Framework (React, Next, Express and Laravel)
